**PROJECT 541
NEW ANIMAL SHELTER
PHASE 3 - FENCING
JULY 21, 2026**

ADDENDUM NO. 1

1. There is in-floor hydronic heating installed in the kennel area. No drilling or anchoring to the interior floor will be allowed. See the attached detail for anchorage configurations for the interior kennel panels.
2. The interior kennel gates will be full width (4 feet) for each kennel.
3. All line posts to be 2-inch diameter, 13-gauge galvanized material. Corner posts should be a minimum of one size larger. Kennel framing to be same material as line posts.
4. All chain link fence fabric shall be a minimum of 9-gauge galvanized material.
5. All kennel construction shall be anchored to the existing block walls utilizing Hilti HIT-HY 270 epoxy with HIT-SC screen tubes, or an equivalent anchoring system.
6. Include a copy of this addendum and acknowledge all addenda on the itemized bid form when submitting your bid.
7. The Bid Date remains the same.

End of Addendum.
