III. ACKNOWLEDGEMENTS AND SPECIAL PRESENTATIONS

(A) Adopt-A-City Feature Program (Recognition of Active Volunteer Groups): Mayor Magdits said the “Adopt-A-City Feature Program” is an important program that gives the City an opportunity to leverage its resources, give community entities a chance to get, in some cases, younger people exposed to civic activities, and it gives us a sense of pride when we can take a look back and see what our streets, roads, and park improvements looked like.

City Administrator John Butz added that he and Mayor Magdits are serving as mentors for a couple of university students working on their Humanitarian Minor degrees. He said Matthew Kistler has been working with him and staff to improve and try to bring some education to what was the City’s adopt-a-street, adopt-a-road, adopt-a-park, adopt-a-creek program. Although certain individuals and groups have contributed to these programs, Mr. Butz said they have not been recognized for their efforts. City staff has been working with Mr. Kistler pulling together a good database of the active participants and the opportunities that are available.

Mr. Matthew Kistler stated he was given a good opportunity to volunteer and help change things. He noted a website is now available, including a promotional video, and a small database that is growing with different streets, streams, parks, parking lots and various opportunities for volunteers to step up to the plate and make a difference. Mr. Kistler said the new website is www.rollacity.org/adoptacity. He told the Council he wants to thank everyone who has adopted parks and streets.

Mayor Magdits and City Administrator Butz then presented “Certificates of Appreciation” to the following for their volunteer efforts: Rolla Junior Club, the South Central Regional Veterans Group (SCRVG), Brewer Science, Air Force ROTC Detachment 442, the Riders’ Society, DECA, and Missouri S&T Longboarding Club.
