NEXT MEETING DATE: Tuesday, August 10th, 2021
Meeting Date: June 15, 2021

Subject: Map Amendment (rezoning): 2141 Old Saint James Rd and 2301 McCutchen Dr from the M-2, Heavy Manufacturing district and M-1, Light Manufacturing district to the GI, Government and Institutional district

Background: The City of Rolla owns both subject properties. The fleet maintenance building and a community garden are located on one property and the recycling center is located on the other property. The City of Rolla is planning to build a building to serve the Public Works Department. The City intends to maintain ownership of both properties for governmental uses for the foreseeable future. Property which is owned and used by a governmental entity is generally zoned GI, Government and Institutional.

Application and Notice:
Applicant/owner - City of Rolla
Public Notice - Letters mailed to property owners within 300 feet; Legal ad in the Phelps County Focus; signage posted on the property; https://www.rollacity.org/agenda.shtml
City Council Date - June 21, 2020

Property Details:
Current zoning - M-2, Heavy Manufacturing and M-1, Light Mfg. to GI, Government and Institutional
Current use - Government
Proposed use - Government
Land area - About 39 acres

Public Facilities/Improvements:
Streets - The subject property has frontage on Old Saint James Rd, a Major Arterial Street; and McCutchen Dr, a local street.
Sidewalks - Sidewalks are located adjacent to the subject property along Old Saint James Rd.
Utilities - The subject property should have access to all needed public utilities.

Comprehensive Plan: The Comprehensive Plan designates the subject property as being appropriate for Public and Institutional uses.

Discussion: Most city-owned property that the City of Rolla has developed or is using and intends to continue using indefinitely is zoned GI, Government and Institutional. The GI district allows for all government and public uses. The city government is technically exempt from being required to adhere to zoning regulations. The GI district is intended to be used to clarify that the areas are not subject to zoning rather than to simply leave the previous zoning in place. Best practices would dictate that any government property be rezoned to GI prior to, or concurrent with, any development or use of the property.
Rezoning Approval Criteria:

A rezoning application must be reviewed to ensure that the following criteria are considered:

1. Consistency with the intent of the adopted Comprehensive Plan;
2. Changed or changing conditions in the neighborhood;
3. Compatibility with the uses permitted in the immediate vicinity;
4. Adequacy or availability of utility service and facilities;
5. Impacts on vehicular and pedestrian traffic safety;
6. Correction of an error in the application of this Article;
7. Viability of economic uses of the subject property if the proposed rezoning is denied; and
8. Relevant information submitted at the public hearing.

Findings:

1. The requested GI, Government and Institutional zoning is consistent with the Comprehensive Plan.
2. Additional development of the property for government uses is planned.
3. The properties are currently used for government uses and is intended to continue to be used for the foreseeable future.
4. The GI, Government and Institutional district is the most appropriate zoning designation for government uses.

Alternatives:

1. Find the request meets the criteria for approval and recommend the City Council approve the request for a map amendment (rezoning) of the subject property.

   The City of Rolla is the applicant for the rezoning. Staff does recommend approval of the request.

2. Find that the proposed map amendment (rezoning) is not an appropriate use for the property and recommend that the City Council deny the request.

3. Find that additional information and discussion is needed prior to making a recommendation and table the request to a certain date.

**Who and What is the Planning and Zoning Commission?**
The Planning and Zoning Commission is an appointed group of citizens from Rolla who are charged with hearing and deciding land use applications, such as zoning and subdivisions. The Commission takes testimony and makes a recommendation to the City Council.

**What is a Rezoning (Map Amendment)?**
A Rezoning is a request to change the zoning of a property from one zoning district to another. Usually a rezoning would allow for a property to be used differently than in the past, or may allow for development or redevelopment.

**What is Zoning?**
The City of Rolla has adopted zoning regulations that divide the city into separate areas that allow for specified uses of property. For example, generally only residential uses are allowed in residential zones; commercial uses in commercial zones; etc.

**How Will This Impact My Property?**
Each case is different. Adjacent properties are more likely to be impacted. Please contact the Community Development Office at (573) 426-6974 if you have any questions.

**What If I Have Concerns About the Proposal?**
If you have any concerns or comments, please try to attend the meeting. You may learn details about the project at the meeting. You will be given an opportunity to ask questions or make comments.

You do have the right to gather signatures for a petition. If a petition is received by 30% of the land owners (by land area) within 185 feet of the subject property, such request would require approval of 2/3 of the City Councilors. Please contact the Community Development Office for a property owner list.

**What If I Cannot Attend the Meeting?**
Please try to attend the meeting if you have any questions or concerns. However, if you are unable to attend the meeting, you may provide written comments by letter or email. These comments will be presented to the Board.

**What If I Have More Questions?**
Please contact the Community Development Office if you have any additional questions.

Meeting Date: June 15, 2021

Subject: Adoption of the Schuman/Ber Juan Neighborhood Plan

Background: The Schuman/Ber Juan Neighborhood Plan project started in the fall of 2019. A neighborhood meeting was held in October 2019. A survey was opened to residents, owners, and interested parties through the end of 2019. Input from the neighborhood meeting, survey, and information gathered through other means was used to prepare the draft of the neighborhood plan.

A neighborhood planning effort is a more detailed project than the Comprehensive Plan by providing more specific goals and actions that mostly only impacts the neighborhood. The document serves as a guide for future actions. Accomplishing the actions should also cause the goals to be accomplished. The plan is intended to provide guidance for a period of ten or more years. If adopted, the plan will become an element of the Comprehensive Plan for the city.

Public Notice: Legal ad in the Phelps County Focus; Press release sent to Rolla Daily News and Phelps County Focus; [https://www.rollacity.org/agenda.shtml](https://www.rollacity.org/agenda.shtml)

City Council Date - June 21, 2020

Discussion: The Schuman/Ber Juan Neighborhood Plan document has been developed over the past 18 months with input from citizens by survey and directly after a draft of the plan was posted to the city website. Input was gathered by working with the various city departments.

The plan document is an important step to identify what actions should be taken by the city and citizens in the future to achieve the goals outlined in the plan. However, the document itself does not change zoning, impact budgeting, or create any requirements to pursue the actions outlined in the plan. Additional discussions and input will be needed to accomplish the actions.

The Schuman/Ber Juan Neighborhood Plan is the first plan of its kind that has been considered in Rolla. The concept of neighborhood planning is intended to be replicated throughout the city, with each plan becoming a part of the Comprehensive Plan.
Findings:
1. The Schuman/Ber Juan Neighborhood Plan is needed to address long-standing issues in the area and to help plan for and guide future re-development.
2. The Plan has been in development for over 18 months and has received input from a variety of sources.
3. The Plan appears to balance the competing interests of the residents, property owners, and investors.
4. The recommended action items will require additional discussion and input before being implemented, but if implemented, the action items should lead to the goals of the plan being accomplished.

Alternatives:
1. Adopt a resolution to approve the Schuman/Ber Juan Neighborhood plan as an element of the Comprehensive Plan and recommend the plan be adopted by the City Council.

   Staff recommends that the Planning and Zoning Commission vote to adopt the resolution.

2. Find that the proposed neighborhood plan is not yet ready for adoption; recommend changes or additional public input; table the adoption to a certain date or indefinitely.
